

## The Michael G. DeGroote Institute for Infectious Disease Research Call for Student Fellowships: Summer 2022

To encourage interest in infectious disease research, the **Michael G. DeGroote Institute for Infectious Disease Research (IIDR)** will provide five \$4,000 awards to undergraduate students working in IIDR member labs during their summer practicum from May–August, 2022.

### Application Requirements:

The following documents must be submitted to the IIDR office (MDCL 2235), or emailed as a single pdf to [iidr@mcmaster.ca](mailto:iidr@mcmaster.ca) by **Friday, March 4, 2022**.

- A one-page outline of your research project, **signed by your sponsoring principal investigator(s)**
- A copy of your resume or CV
- A copy of your unofficial transcript

Selected applicants will be announced in April. Please note that this award cannot be held with other summer awards. For further information, please contact Dr. Lori Burrows at [lori.burrows@mcmaster.ca](mailto:lori.burrows@mcmaster.ca).

**Please note:** Applicants with projects related to antibiotic discovery and/or antimicrobial resistance should instead apply for a **David Braley Centre for Antibiotic Discovery Summer Fellowship Award**.
